

Dear Mr. Raadts,

Hereby I confirm SCHÜCO is Full member of PV CYCLE a.i.s.b.l. Association since 1 January 2009.

You can find all our current members, including SCHÜCO, on our website by following link :

<http://www.pvcycle.org/index.php?id=27> (in English) or

<http://www.pvcycle.de/index.php?id=27&L=1> (in Deutsch)

The objective of the not-for-profit Association PV CYCLE is to assume the responsibility of the voluntary take-back and recycling of the end-of-life photovoltaic modules for its Members in all countries of the European Union based upon the Environmental Agreement concluded with the European Commission under Communication (2002) 412 final from the Commission to the European Parliament, the Council, the Economic and Social Committee and the Committee of the regions on Environmental Agreements at Community Level, and in all countries of the European Free Trade Association, in short EFTA.

The vision of our industry is to create fully sustainable, clean solar energy and to create employment and drive innovative research. Taking-Back and recycling our end-of-life products shall minimize our environmental impact and therefore we can re-use our valuable materials again.

By closing this life cycle **we make the photovoltaic industry "DoubleGreen"**

Kind regards

Jan Clynckel
Managing Director
